## MANY FEMALE ILLS RESULT FROM NEGLIGENCE

Mrs. Pinkham Tells How Ordinary Tasks May Produce Displacements That Threaten Women's Health.

Apparently trifling incidents in women's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound. If this lightest of all medicines does not understand write to Mrs. Pinkham at Lynn, Mass., for her advice, and a few words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness for both.

Mrs. Mary Bennett, 214 Anne St., Bay City, Mich., writes to Mrs. Pinkham:

"I can hardly find words with which to thank you for the good your remedies have done for me. Formerly I suffered with weakness of the generative organs, continual backache, headache, dizziness, and all the pains that accompany female weakness. A friend told me about your Vegetable Compound and he brought me home two bottles. After taking these I felt much better, but thought that I would write to you to request that you would send me a few more for my own use, and for the benefit of my suffering sisters."

The above letter from Mrs. Bennett is the history of many women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

## LAST MEETING

Of the Old City Government on Friday Night

Followed by a Banquet at the Bangor House.

The old City Council met last evening, according to adjournment, for the last time and transacted the following business:

The committee on street lights reported upon several petitions for street lights which merited further consideration and on recommendation of the committee the same was referred to the next Council.

A petition for a sewer in Eaton Lane was referred to the Sewer Board with authority to act.

The order to complete the Union and Fourteenth street sewer was taken from the table and referred to the next Board of Municipal Officers, as also the subject matter of improvements in the Davis brook sewer in answer to the petition of Wood, Bishop & Co.

An order was passed in concurrence to pay the salaries of the Fire Commissioners as in past years, \$50 each.

The committee on paper department reported on the order to inquire into the methods of the paper department especially the so-called incidental fund. The report explains the matter in the same manner that it has heretofore been explained by the press, and highly compliments the overseers in their management of the department.

The Banquet

At the conclusion of the business meeting upon invitation of Mayor Seal, the members of the old and new City Council and subordinate officers proceeded to the Bangor House to partake of a banquet, to which about sixty sat down a few minutes after 9 o'clock. The occasion was one of much pleasure both physically and mentally, for the feast provided by Mayor Seal was a very fine one, and the ideas advanced by the after dinner speakers were interesting, eloquent and witty.

After cigars had been lighted Mayor Seal called the assemblage to order and spoke as follows:

Gentlemen of the City Council—This being the last meeting of this city government as now constituted, I demand it is advisable to ask you to unite me in joint convention at this place, that we might compare notes, looking back over the past, with the sweet remembrance of the many hours we have passed in earnest consultation.

I bid regretting to those members who are to be with us no more, and at the same time, to the right hand of fellowship to our new friends who are to sit in council with us during the next year, sharing our joys and troubles alike.

I wish to thank each and every member of this City Council for the uniform courtesy, the patience and forbearance you have shown me the past year. It will do a page in my life that I never can forget. To our genial clerk I owe more than I can possibly repay. I have had to lean upon him many times, and I have always found him a willing, not only to do his duty, but to assist in the duties of others, always with a smile and a courteous greeting.

I should be pleased to speak individually of each and every one of our subordinate officers, but to speak of them as I would like to would take me all night, so I must ask you to accept my acknowledgments of the faithfulness with which you have always performed the duties assigned to you, ever courteous and willing to receive advice and suggestions without a murmur.

While I regret the departure of a few of our old friends I rejoice that their places are to be filled with such able representatives.

Mayor Seal called upon City Clerk Victor Brett to act as toastmaster, and the colonel fulfilled the duties of that office very gracefully.

IMPURE BLOOD IN SPRING

This is the most universal experience. Disinherited perspiration during winter, rich foods and close confinement indoors are some of the causes. A good Spring Medicine, like Hood's Sarsaparilla, is absolutely necessary to purify the blood and put the system in a healthy condition at this season.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

## WILL FIGHT ON.

Cubans are Not Weakening in the Slightest Degree.

Willing to End the Strife and Sufferings of the People

By Paying an Indemnity But They Will Never Surrender.

See that the Power of the Spanish is Diminishing Daily.

New York, March 18. That the Cubans are willing to end the strife, as well as the sufferings of men, women and children in their island, is without question, but while they are willing to pay Spain an indemnity the leaders here are positive in their assertions that they are not weakening in the slightest degree and are willing to fight on, seeing that Spain's power is diminishing daily.

The question of the amount of indemnity which might be paid if such an agreement were possible was talked of privately by the officials of the Cuban junta here today.

Listed Palma this evening through Lawyer Tuberos gave out the following statement:

A Cuban Statement

"In the beginning of 1896, after the successful invasion of the western provinces by the Cubans, the latter might have been willing to pay \$5,000,000."

"At the beginning of the dry season of 1896-97 they would have paid \$100,000,000 but they would not give more than \$100,000,000 if as much as that."

"If the wet season sets in this year before such an agreement could be arranged we would not think of paying anything."

"The reasons for the decrease in the amounts are the increased chances of our success, not to speak of the destruction and desolation of the island, which impair its productive capacity."

Rumor of Spanish Proposition

It was rumored that a message had been received in this city from Washington to the effect that the cabinet was favorably disposed to a proposition from Spain which provided for the withdrawal of Spanish troops from Cuba, leaving the Spanish flag floating there in the United States. That was recalled from Key West.

"When Mr. Palma's attention was called to this rumor, he replied: 'Well, that would satisfy the Cubans, and I assure you we would see to it that the Spanish flag would be very quickly supplanted by our own. Cuba Libre is our motto and we will never agree to give up the United States. That was recalled from Key West.'

Letters of regret at the inability to be present were read from Alderman Chapin, Councilman-elect Harding and Chief of Police Galloway.

A resolve introduced by Alderman Ward, tendering the thanks of the City Council to Mayor Seal for his uniform kindness and courtesy, was given a unanimous passage by a rising vote.

Similar passage was given another resolution introduced by Alderman Ward, tendering the thanks of the City Council to City Clerk Brett for his ability in conducting the affairs of the office and for his kindness to every member of the Council.

Col. Brett made some very appreciative remarks in response to the passage of the resolve and the city took leave to a close with the singing of "Sweet Bye and Bye."

AMUSEMENTS.

Packed House Again at the Wilbur Production Friday evening.

On Friday the Wilbur Opera Co. gave "The Grand Duchess" in the afternoon to a large audience and the evening produced "The Black Hussar" to a packed house. The performances gave the same excellent satisfaction as all previous ones. All agree that Manager Wilbur gives them more for their money than any other company ever seen here and an enormous business is being done here in consequence. Yesterday afternoon and evening the old favorites made their usual bit and the living pictures were appreciated.

The old-fashioned minstrel part, which made such a great hit on Wednesday night, will be repeated tonight, after which "The Merry War" will be given. This afternoon the "Masque" will be produced.

"Sowing The Wind"

Most of our theatre-goers remember Sydney Grundy's play, "Sowing the Wind," which has been presented in this city and which is booked for next Monday evening, but a short outline of its story will suffice to bring it to mind more clearly than Rosamond, a popular London concert singer of mysterious parentage, and Ned Annesley, of aristocratic antecedents, are the hero and heroine. Ned's adopted father, Sir Bradshaw, when he learns of Ned's attachment, is decidedly opposed and forbids any such alliance, being himself a great stickler for social proprieties. But, unfortunately for him, his moral past does not belong to that class which might have rendered his position wholly impregnable. It turns out, after the story has developed to the proper dramatic point, that Rosamond is his own daughter. It is an intensely emotional climax that Mr. Grundy has evolved which practically gives Rosamond the victory over Bradshaw and results in the promised union of Ned Annesley with the woman of his choice. Herbert E. Sears will again be seen in the character of Bradshaw.

The Y. M. C. A. basketball team has  
returned from Rockland where it defeat-  
ed the Rockland team 15 to 13. The  
Rockland Star in its account of the  
game says: "The basketball game be-  
tween the Rockland and Bangor Y. M.  
C. A. teams, which was played at Elm-  
wood hall last evening, was enjoyed by  
200 people. The game was started and  
after five minutes of play the Rockland  
boys scored the first goal. The Bangor  
team then got down to solid work and  
before the period closed they had secured  
four goals, while the home team was  
getting two, making the score at this  
stage of the game 7 to 6 in favor of Ban-  
gor. The second period opened with the  
home team making a goal on a free throw  
and being the score. The Bangor boys  
then started in earnest once more and  
made four goals in succession. It began  
to look kind of dubious for the Rockland  
players and they then started in to win  
goals. The game finally sounded with  
the score 15 to 13 in favor of Bangor.  
Foster and Chappo played well for the  
home team while all of the Bangor boys  
played their positions well, showing a  
peripatry in team work. The capturing  
of Loren, of Bangor, was very satisfac-  
tory and the fouls called on the home  
team were perfectly fair." The proposed  
game with Viola-haven were given up.

The conductors and motormen on the  
Bangor, Hampden & Winterville line  
are to give a benefit dance in I. O. O. F.  
hall in Hampden next Wednesday eve-  
ning, the proceeds to go to one of their  
number who is sick and has been unable  
to work for a number of weeks. Hall's  
orchestra will furnish music and an en-  
joyable time is assured all who attend.  
This is a deserving cause and the dan-  
cing public should make the benefit a  
good one.

The ice is breaking up in Kenduskeag  
stream. On Friday there was a large  
open space below Kenduskeag bridge  
and one side, by the postoffice, was open  
above. The river is open as far as Crosby  
Narrows, at Hampden. While it looks  
at present like an early departure of the  
ice it will all depend upon the weather.

Cold weather, some of which is bound to  
come before settled warmth, would  
keep the ice pretty solid for some time.

Sent proposals will be received by

## BOWDOIN COLLEGE.

Base Ball Schedule Being Made Up  
—Aerionous Controversy With  
Dartmouth—Notes.

The officers of the Bowdoin Tennis  
Association for the ensuing year are  
Mr. Wallace H. White, Jr., '09, of Lew-  
iston, president; Mr. Edwin M. Fuller,  
Jr., '01, of Bath, vice president; Mr.  
Harold P. West, '00, of Lewiston, sec-  
retary-treasurer; Mr. Harold L. Dana, '09,  
of Portland, third director.

The officers of the Bowdoin Young  
Men's Christian Association for the com-  
ing year are Mr. Harold P. West, '00, of  
Lewiston, president; Mr. Clifford S.  
Dragdon, '00, of Cumberland Mills, vice  
president; Mr. George L. Lewis, '01,  
South Berwick, recording secretary; Mr.  
Burton M. Clough, '00, of Bangor, treas-  
urer and corresponding secretary.

The manager of the Bowdoin Baseball  
Association has nearly completed the  
baseball schedule for this spring. He  
plans upon playing fifteen games, of  
which six, at least, will be played in  
Brunswick on the home grounds.

The only regret in looking over this  
year's schedule is that Dartmouth, Bow-  
doin's most bitter rival, is not in the list.  
But no one blames Mr. Cleaves in the  
least, for he did everything honorable to  
arrange a game.

The correspondence between the  
two colleges is of the most amiable nature  
and it can be said that the feeling of  
each college against the other was never  
so strained before. They say Dartmouth  
has acquired the self-distrustive sym-  
ptoms of a swelled head. Its ambitions  
are nothing short of a league with Har-  
vard, Yale, Princeton and U. P. The  
Bowdoin and Dartmouth trouble has  
been brewing for years and it is the fact  
of fortune that it should come to a cli-  
max in Manager Cleaves' administration  
and not any fault of his.

The Maine College League will hold  
as usual. Appearances seem to point to  
the fact that this year's season will be a  
hot one. Every team in the league has  
claimed its mean terms that it has a lead-  
ing place on the pennant, except Bates,  
who is laying low, but will be in at the  
finish all right. The schedule, so far as  
it is arranged at this date, is as follows:

April 28, Bates at Lewiston. May 1,  
Brown University at Providence, R. I.  
May 7, University of Maine at Brun-  
swick. May 11, Colby at Waterville or  
Brunswick. May 14, Boston College at  
Brunswick. May 18, Amherst at Am-  
herst, Mass. May 19, Tufts at College  
Hill, Mass. May 21, Colby at Waterville.  
May 25, open. May 28, Bates at Brun-  
swick. May 30, open. June 1, Tufts at  
Brunswick. June 4, University of  
Maine at Orono. June 7, Newcomb Ath-  
letic Association (Mass.) at Brunswick.  
June 11, Bates at Lewiston.

The last game with Bates may be  
played at Brunswick in the forenoon of  
Ivy day, June 10th.

Nothing can be judged in regard to the  
Bowdoin team and its make-up at this  
writing, as all the work has been cage  
work and building up exercises in the  
gymnasium. When the team gets out of  
doors, and it is not wild to think that  
next Saturday may see them out, criti-  
cism can be made upon the personnel of  
the team.
